24	2 Gr	7850	Combined Events	5850	2 Gr	24

NES = No entry standards

1. Entry Rules

According to the regulations, subject to the exceptions stated below, only athletes aged at least 16 (sixteen) years on 31 December of the year of the competition may participate in the European Athletics Championships:

- Only athletes aged at least 18 (eighteen) years on 31 December of the year of the competition may participate in the Shot Put (men) and Hammer Throw (men).
- Only athletes aged at least 20 (twenty) years on 31 December of the year of the competition may participate in the Half-Marathon.

1.1 Individual Entries (103.6)

Each European Athletics Member Federation may enter up to 5 (five) athletes in each individual event of whom up to 3 (three) may participate provided all of them shall have achieved the qualifying standard for that event.

According to 103.7, in each individual event, the current reigning European Outdoor Champion will also be invited to participate as a **Wildcard**, in the same event organised in the following European Athletics Championships, where this event will be staged, on the condition that the athlete in question is entered by his/her federation in that specific event. If a Member Federation has four athletes in that event as a result of this regulation, all four will be permitted to compete.

Member Federations who have no male and/or no female qualified athletes at an event **may enter one unqualified male athlete and/or one unqualified female athlete in each individual event. The acceptance of these unqualified entries is at the discretion of the Technical Delegates, considering the number of entered athletes but always ensuring the quality of the event. The next ranked performances to the set entry standards shall be considered if complying with 103.6.**

The Host Country will be allowed to enter one athlete without standard in any event provided he has no athlete with entry standards for that event.

1.1.1 10.000m (men & women):

The first three placed athletes (men & women) of the two editions of the European Cup 10.000m preceding the European Athletics Championships (2019 and 2020) will automatically become eligible to compete in this event, even if the entry standard was not achieved.

1.1.2 The first 3 placed athletes (if they are European) in each event at European Athletics Premium & the first athlete in European Athletics Classic meetings (outdoor meetings staged between 1 January 2019 and 16 August 2020) will be considered eligible for the respective event in the European Athletics Championships 2020. These performances must be achieved in an event which is part of the official programme and where the requirements set in the App. A of the Principles of Selection and Management of the European Athletics Meetings were fulfilled, therefore to be confirmed by European Athletics.

Note:

In the two previous cases the **athletes become eligible but their entry at the European Athletics Championships is at the discretion of respective Member Federation's criteria.**

1.1.3 Other Eligibility Procedures for individual events:

It is the European Athletics goal to secure the participation of a target number of athletes in order to ensure a high level of competition with the appropriate number of entries. Therefore in case the target number cannot be achieved by reaching the set limits European Athletics will consider the level of additional athletes on the reserve list and, if suitable, invite additional athletes up to a maximum of the target number, as follows:

- a. Member Federations that wish to participate at an event with athletes that have not reached the entry standard even in those events where MFs have entered also athletes having achieved the entry standards, must enter them also in the Teams Online Entry System by the deadline for the final entries, **17 August 2020 (14:00 CET)**, as for the athletes with entry standard.
- b. On the **18 August 2020** European Athletics will inform directly those Member Federations whose athletes can be accepted to participate without reaching the entry standard.
- c. The **selection will be made by European Athletics**, through the appointed Technical Delegates, taken in consideration two aspects:

- c.1 Number of athletes needed to reach the minimum figures required per event.
- c.2 Season best ranking list of the year of the Championships.

However not more than 5 athletes can be entered and not more than 3 athletes can compete, per Member Federation, in each of the individual events of the European Athletics Championships.

1.2 Track events up to 400m:

For 100m, 200m, 400m, 100/110m Hurdles and 400m Hurdles (Men and Women) the qualification system will be as follows:

- There will be 3 rounds: Pre-qualification round, semi-final and final;
- The pre-qualification round will include all athletes entered by the Member Federation and eligible to compete in the championships, except 12 top athletes (12 best ranked athletes according to the 2020 Season List entered by their Member Federation and to a maximum of 3 per country / 4 in case the wild card holder is also part of the top 12 athletes of the season list) directly qualified to the semi-finals;
- The athletes to be directly qualified for the semi-finals are the entered athletes who are in the top 12 of the season list (in that case a maximum of 12, or more in case of a tie for the 12th best performance, but possibly less)
- There will be 3 semi-finals where up to 12 top athletes of the 2020 Season List and minimum 12 best athletes from the pre-qualification round will compete;
- The distribution by heat in the semi-finals will be made according to IAAF Rules for the first round and IAAF Rule 166.4b will apply for the lanes draw.
- The 2 first athletes in each semi-final plus the 2 athletes with the best performance in the semi-finals will be qualified for the final.

1.3 Half-Marathon Cups (102.3):

The European Half-Marathon Cups are competitions for national men's and women's teams and are incorporated in the half-marathon events of the European Athletics Championships. Each Member Federation may take part with one men's and one women's team. Teams entered must participate with minimum of 3 (three) and maximum of 6 (six) runners.

1.4 Relay Teams (103.9):

Only 16 national teams will be qualified to compete in each relay event. The qualification procedure will be based on the aggregate of the two fastest times achieved by national teams in the qualification period. For the purpose of being ranked, the results of relay races shall be valid only on condition that they are part of a competition staged in compliance with IAAF Rules and that at least 2 international teams, representing at least 2 countries compete in the race.

Member Federations that wish their qualified relays to compete must declare it **by 9 August 2020** and enter them later in the Final Entries.

The Host Nation has the right to be represented with one national team in each relay race. If they wish to participate and are not qualified as indicated above, the number of national teams to qualify will be reduced to 15. The Host Nation shall declare their intention to compete in any of the relay races **by 26 July 2020**.

Up to 8 (eight) athletes may be entered per team for each relay. From these 8 (eight) and from any other athletes entered for any event in the European Athletics Championships, the 4 (four) athletes to participate must be nominated at the time specified for the Final Declaration.

2. Conditions for the validity of performances:

- All performances must be achieved during competitions organised or authorised by the IAAF, its Area Associations or its National Federations, and conducted in conformity with IAAF Rules;
- Performances must be achieved between the 1 January 2019 and **16 August 2020** (except for Relay Teams, where performances are considered until 9 August 2020);
- Indoor performances for all field events and for races of 200m and longer will be accepted.
- Performances achieved in mixed competitions in track events will not be accepted. Exceptionally, in accordance with IAAF Rule 147, performances achieved in events of 5000m and 10,000m may be accepted in circumstances where there were insufficient athletes of one or both genders competing to justify the conduct of separate races and there was no pacing or assistance given by an athlete(s) of one gender to an athlete(s) of the other gender;
- Performances which are wind assisted or for which a wind reading is not available, shall not be accepted;
- For the combined events, at least one of these conditions must be met:
 - the wind velocity in any individual event shall not exceed plus 4 m/s);
 - the average velocity (based on the algebraic sum of the wind velocities, as measured for each individual event, divided by the number of such events) shall not exceed plus 2 m/s
- Hand-timed performances in 100m, 200m, 400m, 800m, 110m/100m Hurdles, 400m Hurdles and 4x100m relay shall not be accepted;
- For the running events of 200m and longer (including Combined Events), performances achieved on oversized tracks shall not be accepted.
- Competitors must comply with eligibility qualifications for Area Games or Championships as set out in the IAAF rules;

No athlete may compete in the European Athletics Championships unless entered by a European Athletics Member Federation, but the participation of athletes without entry standards will be always subject to the European Athletics selection.
